WORLD GEOGRAPHY LYRICS

PLANNING GUIDE

TRACK	SUBJECT	FACTS INCLUDED	
1	Oceans	Atlantic Arctic Pacific	Southern Indian
2	Continents	North America South America Europe Antarctica	Asia Africa Australia
3	Hemispheres	Earth Northern Hemisphere Southern Hemisphere Eastern Hemisphere Western Hemisphere	North South East West
4	Longitude and Latitude	Longitude Latitude	Prime Meridian Equator
5	Boundary Between Europe And Asia	Ural Mountains Ural River Caspian Sea Caucasus Mountains Black Sea	Sea of Marmara Aegean Sea Isthmus of the Suez Europe Asia

WORLD GEOGRAPHY LYRICS

WORLD CONTINENTS

South America, North America, Africa, and Europe

Asia, Australia, Antarctica.

These are the continents of the world.

Of the world,

Of the world,

Seven continents of the world.

South America, North America, Africa, and Europe

Asia, Australia, Antarctica.

These are the continents of the world.

Of the world,

Of the world,

Seven continents of the world.

WORLD GEOGRAPHY LYRICS

WORLD OCEANS

The Arctic, Atlantic, and Indian,
The Pacific and Southern Oceans.
The Arctic, Atlantic, and Indian,
The Pacific and Southern Oceans.

Around the world are five oceans,
Where dolphins dive and sea lions swim.
They share the same water that moves all around,
Pushed by ocean currents up coastlines and down.

The Arctic, Atlantic, and Indian,
The Pacific and Southern Oceans.
The Arctic, Atlantic, and Indian,
The Pacific and Southern Oceans.

The Arctic, Atlantic, and Indian,
The Pacific and Southern Oceans.
The Arctic, Atlantic, and Indian,
The Pacific and Southern Oceans.

WORLD GEOGRAPHY LYRICS

HEMISPHERES

The earth is a sphere. Like a ball, it's a sphere.

And when you cut it in half, you get a hemisphere.

The earth is a sphere. Like a ball, it's a sphere.

And when you cut it in half, you get a hemisphere.

Northern hemisphere, southern hemisphere,

Eastern hemisphere, western hemisphere.

Northern hemisphere, southern hemisphere,

Eastern hemisphere, western hemisphere.

North, south, east, west.

North, south, east, west.

The earth is a sphere. Like a ball, it's a sphere.

And when you cut it in half, you get a hemisphere.

WORLD GEOGRAPHY LYRICS

LONGITUDE AND LATITUDE

To find any point on a map use the grid of longitude and latitude lines.

To find any point on a map use the grid of longitude and latitude lines.

Longitude lines fall pole to pole,

Measured east and west of the Prime Meridian.

Latitude lines circle round the world,

Measured north and south of the equator.

To find any point on a map use the grid of longitude and latitude lines.

To find any point on a map use the grid of longitude and latitude lines.

Longitude lines fall pole to pole,

Measured east and west of the Prime Meridian.

Latitude lines circle round the world,

Measured north and south of the equator.

To find any point on a map use the grid of longitude and latitude lines.

WORLD GEOGRAPHY LYRICS

BOUNDARIES BETWEEN EUROPE AND ASIA

Europe and Asia, how can I tell where one begins and the other ends, well,
I'll just sing a song about the boundaries between the European and Asian countries.
I'll just sing a song about the boundaries between the European and Asian countries.

Ural Mountains, Ural River,
Caspian Sea, Caucasus Mountains, Black Sea.
Sea of Marmara, Aegean Sea, and the Isthmus of the Suez.

Ural Mountains, Ural River,
Caspian Sea, Caucasus Mountains, Black Sea.
Sea of Marmara, Aegean Sea, and the Isthmus of the Suez.

Ural Mountains, Ural River,
Caspian Sea, Caucasus Mountains, Black Sea.
Sea of Marmara, Aegean Sea, and the Isthmus of the Suez.
